

Citizens To Act On Streets

★ Freeze Truck Parking Ban ★ Study New Village Hall Plea

BY JOSEPH SEVICK

LEMONT -- A committee of persons owning property north and west of Peiffer and Warner avenues will attempt to secure street improvements there.

Acting at the urging of Mayor John Kujawa at a special meeting for the board of local improvements Monday night, persons owning larger blocks of property indicated they would band together. They had told the board they thought the improvements would cost less if done privately.

The board had proposed a levy of assessments ranging from \$240 to more than \$3,000 depending on where and how much land each owned. New street pavement, curbs

and gutters would have been installed.

The special meeting for the board of local improvements followed a regular village board meeting. The entire village board acts as the board of local improvements.

Highlights of the regular meeting of the village trustees were:

1. A review of the recently passed ordinance banning truck parking on village streets from 7 p.m. to 7 a.m. was promised. Enforcement of the ordinance is suspended until a decision is reached.

2. Kujawa told trustees they "must take a stand" on getting a new village hall. The present quarters are "the leading example of what

you shouldn't have," Kujawa said. An appraisal of village property set value of all municipal land and buildings at just slightly more than \$200,000. Kujawa proposed sale of these assets to fund construction of a new hall.

3. The yearly crime report was presented by Bernard Shaf, police committee chairman. There were 2,919 calls and complaints, and 851 arrests. There was one traffic death, and 212 accidents reported. Parking violation tickets issued totaled 2,441 for the year.

4. A bid of \$1,080 from Meade Electric Co. for maintenance of the village traffic light was accepted. The two other bids were \$1,146 and \$1,152.

5. The trustees heard a report that the intersection of Kip Place and Keepataw Dr. will be a four-way stop because more than 150

youngsters from the new Oakwood Elementary school cross there.

At the beginning of the meeting of the board of special improvements, which followed the regular meeting, Kujawa pledged that everyone would have the chance to speak and said order would be maintained. He directed that each property owner who would be assessed under the village's proposed program be called on to speak.

In contrast to the Nov. 24 session, the Monday meeting was orderly. Dr. Barry Ladd, trustee, termed it, "very civilized."

Before property owners spoke, Kujawa reviewed the history of improvements in the area and how it came to be annexed. He explained how the proposed assessment costs were estimated.

"In some instances, the

prices may be exorbitant," Kujawa allowed. Nevertheless they are fair, but, "You are best off to do it yourself."

He directed that the board hear property owners' opinions on the project.

Ten property owners were not present. For those, others spoke for three. One reportedly felt it could be done less expensively privately, one approved of the proposal, and one felt it should not be done at all.

Of the 22 attending, nine said they felt it would be cheaper if done privately, one approved the proposal, and 12 indicated they were against the proposal. Of the 12 against, most indicated they might agree to a private project if it were larger and included direct benefits for them.

Discussion then turned to other improvements for a

larger area in the neighborhood. Possibilities were discussed.

Kujawa singled out persons owning the most property in the proposed improvement area, and urged them to form a committee to organize landowners and seek improvements privately. Kujawa pledged town advice.

Bert Ercoli, village clerk, was appointed by Kujawa as liaison to the citizen's committee.

After the meeting, the mayor said the citizens will be given time to develop a plan, and then the board would review it. Kujawa said he will not let deliberation "drag on." If the citizens fail, the board will again have to decide to go ahead with the proposed project, or abandon it, Kujawa said.

THE FIRST BABIES to enter the world in 1970 from the Lemont and Lockport areas are Brian John Pearson, at right, and Rene Bradley, at left. Brian John arrived Jan. 5 at 3:13 a.m. at Edward Hospital in Naperville. He is the son of Mr. and Mrs. John Pearson of 356 Pacific Lane, Bolingbrook. Rene came on Jan. 1 at 6:55 a.m. at St. Joseph Hospital, Joliet. She is the daughter of Mr. and Mrs. Stonewall Bradley, 215 Riley, Lockport. The families will be receiving a variety of gifts, courtesy of merchants in their communities taking part in a Southwest Graphic First Baby of the Year Contest.

Propose Frankfort Load Limits

BY GLENN LOGAN

FRANKFORT -- Frankfort residents -- men and women -- who for the past couple of months have been appearing at village board meetings to urge curtailment of truck traffic through the town have come up with what they believe will solve their problem.

The solution, some observers say, may raise other problems for the board but they admit it could be an effective curb.

There is a two-block stretch of Center Rd. between the E.J. & E. Railway crossing and Sauk Trail that had been considered a part of the county road system. Now it turns out that this piece of Center Rd. is the

village's baby.

Attorney Albert H. Krusemark Jr., one of the group seeking to eliminate truck traffic through the village, brought the matter up at the last meeting of the board.

Mrs. Joseph D. Yurkanin, who has been serving the group as spokesman and booking hearings on the village board agenda, told the officials that Krusemark had something to say, and he did.

He had investigated the status of this small section of Center Rd., he said, and found it to be a thoroughfare controlled by the village. The county highway superintendent, Roy Cousins, told him that the county does not maintain that portion and the rule is that no maintenance - no control.

Some of the county road records are missing but duplicates are possessed by the state highway department's office at Elgin. Cousins checked with Elgin and the records there show this two-block stretch of Center Rd. is municipally controlled.

Cousins had his word from the state highway engineer's office last Friday afternoon and conveyed the information to Frankfort officials. The board had asked Village Attorney August Santoro to communicate with Supt. Cousins and ask him to send a letter to the Frankfort village board stating the status of the piece of Center Rd. between Sauk Trail and the railroad crossing, about two blocks to the south.

Mayor Glenn Warning told

the truck traffic protesters that after the board had been officially apprised of the status of Center Rd. it would be in a position to reach a decision. The protesters were demanding that the village trustees give them an immediate answer.

It was pointed out that the state maintains White and Nebraska streets so any load limits imposed by the village lower than those promulgated by the state would be of no effect. The county has no limits on its roads in the area, it was explained, so the village could not impose their limits there and make them stick. The village, however, it was stated, can adopt an ordinance setting up load limits for village controlled streets.

If such limits are set up they could result in barring use of the two block stretch on Center Rd. by trucks with weights exceeding the limit. Thus, in order to make deliveries to and from plants on Center Rd. south of the rail crossing, trucks would have to either take U.S. 45 at U.S. 30, or follow White and Nebraska streets to U.S. 45, and follow that route to Laraway Rd., thence east to Center where they would turn north to their points of destination. This, it was said, could bring a protest from Nebraska St. residents if truck traffic picked up there. White St. residents probably wouldn't like it either but they are accustomed to a lot of traffic, observers re-

marked.

The village board meeting next Monday night is expected to be well attended. The group against use of village streets by heavy trucks are not opposed to trucks making deliveries to business places or construction sites, or the presence of large moving vans. They complain that the huge semis are noisy and a menace to the safety of children and property. Those things jack-knife sometimes, it was pointed out, and sometimes trucks in transit are carrying cargoes that could destroy a lot of property. Some of the objectors also pointed to the fact that some of these trucks are so long that they fill two streets in negotiating turns.

To Honor Presidents At 20th Dinner

LEMONT — Recognition of the men who have served as Lemont Chamber of Commerce presidents since the organization's founding in 1948 will be a highlight of the 20th annual Chamber Dinner Dance on Saturday night.

The first "That's Our Boy (or Girl)" award will be presented to a deserving

person from the area selected by an impartial committee from nominations of local organizations.

These items plus a number of awards to be made will help make "the biggest and best ever" event for the chamber, said Abe Od Ordman, who with Marvin Ludwig, is event co-chairman.

"The unselfish work performed over the years" by

the 14 presidents of the organization will be recounted in readings of histories of the term of each. The "living past presidents will be on hand to receive mementos recognizing their work.

New officers and directors of the chamber will be installed in ceremonies Saturday evening when more than 250 chamber members and friends gather for the

event at the Glen Eagles Country Club, 123rd and Bell Rd.

The officers of the chamber for the new year were selected in closed session recently, and they will be announced for the first time.

The Rev. Glen Bergmark of Bethany Lutheran Church will offer the invocation, and Fr. Joseph Haley, C. M., will

offer the benediction.

The "That's Our Boy" contest will honor the person who has made a significant contribution to the community during the past year. The award is to become an annual highlight of the chamber's dinner.

Prizes, awards and gift certificates courtesy of Lemont merchants will also be given.

The Buddy Everett Orchestra will entertain following ceremonies. Cocktails are at 6:30 p.m., followed by dinner at 7:30 p.m.

There are a limited number of tickets available according to Ordman. Persons may contact Lemont Savings, 257-2281; The Carousel, 257-7854, or the Strand, 257-2112. Tickets are \$8 per person.

Council Hears Homer Airport Protest

BY MARGE RATCLIFFE

LOCKPORT — The Lockport City Council met Wednesday evening with all seven members present. The meeting was called because the regular meeting Monday night lacked a quorum, as Aldermen Robert White, James Miller, Richard Cronholm and Frank Meyers were absent.

The council heard Leonard Stuppy of Homer Township, express his feelings regarding any proposed airport in Homer. The mayor assured him that he was not "against Homer" in any way, but that he thought the council must soon take a stand one way or the other.

The mayor feels that the

airport should be located somewhere in Will County, but stated that he did not wish to become part of the "City of Chicago or the County of Cook." He stated, "We can no longer afford to just sit."

Earl E. Spencer, also of Homer and president of the Spring Creek Woods and Creekwood Community

Club, then addressed the mayor and council. He said:

"On Jan. 6, 1970, Mr. Jerome Paddock, the new Homer Township supervisor, indicated at a township meeting that he would back the resolution adopted by the Homer Board to block any attempt to turn our township into an international airport.

"We feel, and it is our opinion that when, the proposed economic boon to the cities of Lockport and Joliet are made, the fate of 6,000 or more residents of our township and vicinity subdivisions is being completely ignored. Being free Americans, we believe that 6,000 persons, even though we live in an unincorporated area, have a right to deter-

mine our land use and destiny.

"Our Town consists of beautiful rolling hills, residential and farm land, and wooded water shed designed for gracious country living, not concrete runways, air pollution and jet noise day and night making it an unfit place to live.

"I would like to quote from an article in the Tribune which quoted Rep. Abner Mikva as saying that an airport in the lake would destroy lake recreational potential, stagnate the water, kill the fish, and pollute the atmosphere eight miles from the city lake shore. A proposed airport in Homer Township is less than three miles from Lockport's east boundary.

"In Florida, the construction of the largest planned jet airport is being stopped because it will destroy the ecology of the Everglades. We think that the precautions being taken to protect wild animal life should be made applicable to our human needs. Thank you gentlemen."

The council also heard Walton Smith, representing the Lockport Strike and Spare Bowling Lanes, regarding lights at the back of the bowling alley lot. The lights would be installed on existing poles, on the right-of-way. The council directed its attorney to draw up an agreement with Commonwealth Edison and the Lockport Strike and Spare. The city will be billed for three extra street lights, and then reimbursed by the bowling alley, as bills are presented.

Don Murphy read a letter from the Illinois Municipal League announcing a ten per cent increase in dues for the year ending December, 1970. The council voted to pay their dues, which will now be \$352.

A proposal by Alderman Frank Meyers to give the street department employees a five per cent salary increase, retroactive Jan. 1, passed with one no vote from Alderman Swen Nelson, who qualified his vote by saying it was a reasonable request, but that this way the wrong way to go about it.

Camper Trailers To Be Out

FRANKFORT — A new ordinance governing trailers is to be drawn by Village Attorney August Santoro. The village board has been considering such a measure for some time and is now ready to act on one.

There is an ordinance in effect that bans the use of house trailers. The proposed new measure also prescribes campers. It would, however, permit the use of trailers used as headquarters on con-

struction jobs, on a temporary basis.

Three petitions for changes in the zoning ordinance were approved by the village board for hearings before the zoning board of appeals.

One of these deals with signs and their use by business establishments. A building permit is necessary for signs erected or painted on such establishments and the permit fee would be \$5. Such signs would be restricted to

the name and type of the business conducted on the premises, its address and the name of the owner or proprietor. This is aimed against the use of the side of a building to advertise some product or business, as is the case with one building on Ash St.

Another of the petitions has to do with setbacks for residential, business and industrial structures. The minimum setback from the front

property line for business and industrial property is 50 feet, with the first 25 feet to be landscaped; side yard setbacks are to be 10 feet except where such property is adjacent to residential property when the setback would be 20 feet.

There are exceptions set up however for White St.; Kansas between White and Walnut; Nebraska St. between Center and Walnut; Ash St. between Nebraska and Kansas; Oak St. between Nebraska and Elwood, and Hickory St. between Kansas and Nebraska.

The other petition covers a proposed amendment to the zoning ordinance which would require the filing of a general landscaping plan with the application for a building permit. For residential structure a simple plan will suffice but for commercial and industrial property more details will be required.

Albert H. Krusemark Sr., former village attorney who had been retained to complete a suit involving the village and the New York Central Railroad, reported to the board that the case has been disposed of and the village has title to that portion of Kansas St. near White St. that had been in dispute. The village is found to be the

owner of the north side of the street, west of White, where sidewalks have been built and parking space provided.

Krusemark also informed the board that he represented several property owners along Sauk Trail that were opposed to the strip annexation of that thoroughfare and were considering court action. The village board annexed Sauk Trail between Pfeiffer Rd. and Harlem Ave., on the recommendation of the village planning commission. He suggested that the village board rescind its action.

The commission and board took the action in the event the Prestwick area displayed interest in annexing to Frankfort. Plans for a shopping center at Harlem Ave. and Sauk Trail have been discussed and Frankfort was interested in that.

Krusemark told the board that the McIntosh real estate people, which developed Prestwick, is not interested in annexing to Frankfort nor are the people in Prestwick. Mayor Glenn Warning said that he had been approached by Prestwick residents who are interested in becoming a part of Frankfort and had asked for a meeting with Frankfort officials to discuss the subject.

Visit On 2 Days

SOUTHWEST — Joliet Junior College, oldest institution of its kind in the United States, will hold an open house Jan. 17-18 in celebrating its new interim campus.

After 67 years of sharing the Central High School building the college moved to a new 368-acre campus last September. A total of 17 temporary buildings are located on the land which was a farm prior to September.

President Elmer W. Rowley, who has been associated with the college for 23 years, invites everyone to visit the campus from 1:30 to 5 p.m. both days. Visitors will be greeted by members of the faculty, board of trustees and college administrators.

Tours will be conducted at

15-minute intervals, though visitors may wander through buildings as they so desire, with campus maps and other information which will be available.

Interim campus will be, hopefully, partially eliminated by Phase I of the permanent campus which is scheduled to open in September 1972.

Ample parking is available in two large black-topped lots. All campus walks are wide cement paths.

Dwight Davis, curriculum coordinator, aided by students and trustees, has been working for some time to assure all visitors of a pleasant and informative inspection of the campus.

Census Planned For Annexed Sections

NEW LENOX -- A census of areas annexed to the Village of New Lenox between 1961 and Dec. 31, 1969, is to be taken at the instance of the village board. It will be official, according to Village Attorney Wayne Johnson, and the expected increase should bring in additional revenue from the state. Municipalities share in the new state income tax and in the motor fuel tax, on a per capita basis.

Trustee James Warning was appointed by Mayor Joseph Hartung to direct the census. The appointment was approved by the board. Warning is authorized to hire enumerators to take the actual population count.

The board adopted an ordinance setting up tap-in fees on sanitary sewers. The fee for a single family residence will be \$250; for apartments the fees are \$250 for the first, \$200 for the second, \$150 for the third and \$125 for each of the additional units. The fee for motels will be \$62.50 per room and \$750 for a commercial building.

And speaking of apartments, Lester Brown, chair-

man of the planning commission, told the board that the commission recommends a change in the ground space requirements for multiple dwellings. The present ordinance requires 2,000 square feet of ground space per dwelling unit. The planning commission believes the requirement should be 3,500 square feet per unit.

The planning group and the village board plan a joint session to discuss various zoning matters. The planning commission recommends up dating the subdivision ordinance, for one thing.

The village board approved the plat of Unit 3 Windermere Subdivision near Lincoln - Way High School. There will be some 600 lots in the entire subdivision it was said.

The \$318,000 contract with

George D. Hardin, Chicago, for the new sewage treatment plant was signed by Mayor Hartung and Village Clerk Marjorie Wajchert in behalf of the village. Work is to begin within 30 days.

Approval of the streets, sewer and water lines in the Kimber Court Subdivision has been held up pending an inspection and recommendation of the improvements by Robert Hamilton, village engineer.

Bids received on a pick-up truck for the village, including a snow plow with hydraulic lift, were referred to a committee for tabulation and report. The bids were: Ed James, Lemont, Chevrolet, \$3,517; Moss Equipment, New Lenox, International, \$3,950, and Roy's Auto Sales, Ford, \$4,093. There were some differences in equipment.

1970 Frosh Testing Jan. 24

NEW LENOX -- Jonas R. Lashmet, assistant superintendent, has announced that all grade school pupils who will become freshmen at Lincoln-Way High School next September, are to be

tested on Saturday, Jan. 24.

The testing program, an annual affair, will be conducted at the high school from 8 a.m. to 12:30 p.m.

According to Lashmet, Lincoln-Way school buses

will pick up pupils at the following public grade schools: Arbury Hills, Frankfort, Lincoln-Estates, Manhattan, Mokena (Willowcrest) and New Lenox (Oakview) at approximately 7:30

a.m. Pupils from parochial schools will also be picked up at the public grade schools in their respective communities.

There will not be a repeat date, it was said, so it is important that all students who will enroll at Lincoln-Way in September take the series of tests. In case of severe weather conditions, the testing program will be rescheduled on Jan. 31. If rescheduled, an announcement will be made over radio station WJOL at the 7 a.m. news.

An interpretation of the results of these tests will be given to the parents in early spring.

The battery will include a test of educational ability, reading achievement, arithmetic achievement and language arts achievement.

The educational ability subtest contains problems of word reasoning, verbal analogies, and number reasoning. It is designed to measure the student's general intelligence-his ability to do school work.

The reading achievement subtest measures the student's ability to understand words in context to grasp the main idea in a passage, to make inferences and to grasp significant details.

The arithmetic achievement subtest measures the student's ability to add, subtract, multiply, and divide, using whole numbers, fractions, percentages, and decimals. The student's skill in solving single algebraic equations and in using formulas for perimeter, area, and volume is also measured.

The language arts achievement subtest measures the student's skill in capitalization, punctuation, and grammatical usage.

Rts. 7, 171 Set For Repaving

WILL COUNTY -- Four miles of Rt. 7 from Cedar Rd. to the Will-Cook county lines, and four miles of Rt. 171 (Archer Ave.) from Lemont Rd. to the Will-Cook county line will be resurfaced.

Plans for the improvements are part of a program to upgrade the state's roads. In an announcement last week, Gov. Richard Ogilvie

said that more than 2,500 miles of roads and 161 bridge structures are involved in the \$200 million four-phase program. Most of the construction will be financed with state highway funds.

Bids will be sought on the local improvements either this summer or fall, according to the Ogilvie announcement.

Guth Fence Will Remain

FRANKFORT -- Jake Guth, Frankfort insurance man who has been at odds with the village board since last summer over the height of a fence in his yard, has emerged as the winner of that argument.

At its meeting last week the board authorized Village Attorney August Santoro to dismiss the case against Guth. Guth was ticketed by Frankfort police on a charge of violating an ordinance regulating the height of fences.

Counsel for defense (no pun intended) presented a motion to dismiss on the

grounds that the ordinance involved was not violated. The ordinance, it was contended, only limited the height of fences on interior property line, 5-feet is the maximum not on the exterior lines. The Guth fence belongs in the exterior category, according to Albert Krusemark Jr., attorney for the defendant.

Santoro succeeded in getting the motion overruled on technical grounds but he told the village board that if the case was heard there would be no question as to the outcome after witnesses testified that the Guth fence was not an interior line barrier as covered by the ordinance.

The idea back of the interior line fence is simply this-- built too high it could deprive adjacent property owners of light and air. If the fence builder had it out in front of his house, or if he had a corner lot and the fence was built along the front and street side of the lot the only one possibly deprived of light and air would be the owner himself. As far as is known there is no provision under which an individual could sue himself as such.

Santoro reminded the board that at the time court action was started against Guth he expressed the opinion that it was bad policy. There are many properties

in Frankfort, he said, that have illegal fences. Shrubs and plantings can also serve as fences, he said, and in most instances the effect is pleasing and provides privacy for the properties involved.

On the recommendation of the village attorney the village board instructed Santoro to have the case dismissed.

Incidentally, in speaking of exterior fences for corner lots there is a point, 30 feet from the front line, where a fence cannot be of sufficient height to block off the view of drivers approaching the corner.

Named To Annapolis

LOCKPORT -- Lance R. Lane, of Lockport, has been nominated for entry into the United States Naval Academy at Annapolis, Maryland. U. S. Representative John N. Erlenborn announced the names of 20 nominees from the 14th Congressional District.

The 20 candidates for the 1970 freshman class were selected on the basis of tests administered by the Civil Service Commission. Stringent physical and college entrance examinations must be passed prior to admittance to the academy.

Push 413 Acre Annexation

BOLINGBROOK The Bolingbrook plan commission is expected to be presented with an annexation agreement for 413 acres of land when the group meets Feb. 2.

Hoffman-Rosner Builders presented a proposal for the annexation at a special meeting of the Bolingbrook Village Board last week. Two sites are involved.

One site is west of Illinois 53 by the Westbury subdivi-

sion. There would be 653 single family homes, townhouses with 885 units and 1,225 apartment units. Land for two schools, five parks and a fire station would be set aside.

The second area is 38 acres in the Indian Oaks subdivision. The village board is studying the annexation proposal and details are to be worked out for the plan commission presentation.

Bolingbrook Bank Sought

BOLINGBROOK -- Application has been filed with the Illinois commissioner of banks and trusts to establish the Prairie State Bank in Bolingbrook. It is to be located at approximately 200 West on 107th St.

Roland W. Blaha, commissioner, said capitalization would be \$250,000 in capital stock; \$250,000 surplus and \$125,000 reserve. There would be 25,000 shares of stock with a par value of \$10 each.

Organizers are Michael H. Lyons, James M. Kane and Hayes Kennedy, all of Joliet, and Edward T. Zahour, Bettino LaMantia and Ladd Sallach, all of Downers Grove.

Owners Asked To Clear Way

FRANKFORT -- When it looks like snow, wise motorists, who may use Frankfort business streets for all night parking, will give some thought to what they will do if the stuff comes down in quantity.

Frankfort has an ordinance that bans parking on the business streets when it is snow plowing time. The measure tells when it is that time. When the snowfall reaches a depth of two inches at Hickory and

Kansas streets the village street crew begins plowing.

Failure to move his car could cost the owner a fine ranging from \$5 to \$50, according to the ordinance. It could also cost him a towing fee. Village Attorney August Santoro says the ordinance gives implied authority to have such cars moved.

The procedure will be for police to issue tickets for such cars

Artery Ailments Are Linked To Smoking

Copyright 1969 World Book Science Service

"British doctors have quit smoking cigarettes almost to a man, and cigarette-smoking in general has gone way down in England at a time when it is going up in the U.S.," Dr. Robert W. Wissler of the University of Chicago told a press briefing for the Second International Symposium on Atherosclerosis recently in the Windy City. He asserted that atherosclerosis (blockage of arteries by fatty deposits) is not an aging process, but a disease of affluent societies. The greatest risk factors are improper diet, lack of exercise, and smoking, he said.

What's New In Medicine

BY BETTY JOHN

I counted only five men smoking cigarettes among the 650 at the symposium which heard evidence pointing to cigarettes' involvement not only in the 51,000 deaths from throat, lung and mouth cancer last year, but also in atherosclerosis and heart disease. With 10 million Americans victims of cardiovascular diseases, including half of all males over 45, it was classified as a "modern

epidemic."

"More than 50 per cent of all deaths of males during their working years is due to atherosclerosis," Dr. Knud Kjeldsen of the University of Copenhagen told the symposium, "and of these the mortality from heart failure is two times higher in cigarette-smokers than in non-smokers."

In a study of 1,000 male industrial workers in Copen-

hagen, Dr. Kjeldsen and his team found that the risk of heart failure and death increased in direct proportion to the number of cigarettes smoked and to inhaling. Those who smoked 20 cigarettes a day were found to have nearly three times as many coronary occlusions (heart attacks) as non-smokers; those who smoked 40 a day had six times as many. If the excessive smokers were physically inactive, the risk jumped to nine times.

The Danish team found extremely high levels of carboxyhemoglobin (carbon monoxide bound to hemoglobin) in the blood of the smokers. Carboxyhemoglobin deprives the blood vessel tissues of oxygen and

acts as an asphyxiating agent.

"We now have a clear and significant correlation between excessive smoking habits . . . and clinical signs of the atherosclerotic and cardiac diseases," Dr. Kjeldsen concluded.

NO MORE DECAY? -- Dextranase, an enzyme, has been found to digest the plaques which cause tooth decay in experimental animals, and may some day be used to prevent dental caries in man.

NEW TB DRUGS -- Prof. Vito Nitti of the University of Naples has reported that the new drug rifampicin is almost as effective in initial tests as isoniazid, at present the most widely used drug for treatment and prevention of tuberculosis.

At a Northwestern University clinic they deliberately make patients dizzy by spinning them in chairs, lowering their blood pressure, or making them stand alone in a dark room.

If this sounds like medieval torture, it's all for a

good purpose. Dr. David A. Drachman, clinic director, is making a detailed investigation of the causes of dizziness.

Although most people suffer from dizziness on occasion, they describe their condition in so many different ways doctors have been unable to define it with scientific precision. In general, there are four different types

of dizziness -- vertigo, faintness, loss of balance, and "lightheadedness." But Drachman points out that "dizziness is a symptom, not a disease. It can be caused by hundreds of factors, including inner ear disorders, psychosis, anemia, diabetes, heart disease, epilepsy, stroke, multiple sclerosis and tumors."

At the Northwestern Dizzi-

ness Clinic, interest centers on "special patients who suffer from hard-to-pinpoint conditions which have previously remained mysterious," Drachman says.

One type of severe dizziness which is fairly common among older patients has been termed by Drachman the "Earth-bound astronaut" syndrome. Astronauts experience disorientation during space flight because of the absence of gravity which tells them which direction is up. Earth-bound astronauts experience the same sensation, not from the absence of gravity, but because of failing eyes, ears or other sense organs.

Using a computer, Drachman hopes eventually to arrive at the 10 most common causes of dizziness, together with accurate descriptions of the symptoms. Armed with this information, doctors may be able to diagnose a patient's illness by asking the proper questions about his dizziness spells.

The Junior Scientist

Over 100 years ago, American scientists found some very old rocks. When the rocks were split open, the scientists saw what looked like tire marks. But these marks were trails left by a trilobite -- an animal that does not exist any more.

Over the years the scientists were able to learn much about the prehistoric trilobites. Some animals alive today are related to them. One of these is the horseshoe crab. But trilobites themselves are gone forever.

At least, that's what everybody thought. Then, not long ago, some Russian scientists sent a camera to the bottom of the Pacific Ocean. And there, at 10,000 feet below the surface, the camera took a picture. What a surprise the Russian scientists had when the picture was developed! They had a picture of a trail that looked just like the trilobite trails!

Now scientists everywhere are wondering if trilobites still live at the bottom of the ocean. No one has ever seen a live trilobite. But sci-

entists have been able to draw pictures of them from clues left in old rocks. Wouldn't it be exciting if someone could catch a trilobite? We could learn a lot about prehistoric animals.

The trail on the left in the picture is a trilobite trail. If you were a scientist and you took pictures of trails under the ocean, which of the lettered ones would you say most nearly matches the trilobite trail?

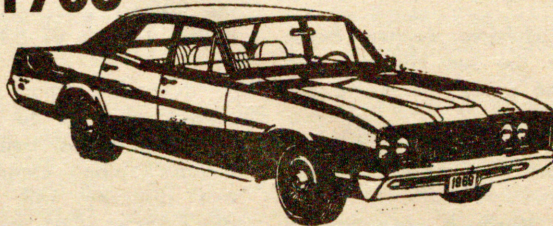

ANSWER: Trail D is the correct match.

POLLUTION COST

Most man-made air pollution comes from motor vehicles, factories, electric power plants, furnaces, and the burning of wastes. In the U.S., motor vehicles account for about 61 per cent of all air pollution. The annual cost of pollution in the U.S. is about \$11 billion.

George Manikas answers your insurance questions

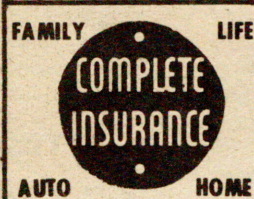

QUESTION:

In connection with this Comprehensive Personal Liability insurance, I wonder if you can tell me if a property owner is always liable for damages in accidents that happen on his property.

ANSWER:

Of course not. Only a court can decide whether or not a person is legally liable for an accident. The insurance you mention is carried by people to cover their legal liability - if any - and to pay the cost of defending suits that may be brought against them.

OPINION PAGE

The Talk Continues

Talk of a third international airport to be located in Will County was revived again at a recent meeting in Joliet. It was attended by several members of the county board of supervisors and interested citizens.

From sources close to the air transport field comes the opinion that the expenditure of \$275 million on enlarging and improving O'Hare Field will eliminate the necessity of building another airport for another 10 years.

O'Hare and Midway airports will be able to take care of the needs of the area for another decade, they believe.

Others, however, point out that if another major airport will be required in just 10 years, it is not too early to start planning for it now. Experience shows that it takes a lot of time to select a site.

The "third airport", still under discussion, was supposed to have been needed by 1970 -- for sure by 1971 -- and absolutely by 1972. As yet no site has been chosen.

It is possible that a site recommendation may be made this year, it was said, but then there would still be a lot of talk before the airlines and all the other interested groups had given, or withheld, their approval.

Building would not be an overnight job, so if another major airport is going to be needed by 1980 or 1981, the experts say, it would not be amiss to start now.

Opposition to Mayor Daley's airport in the lake idea is reported getting stronger and now some of the so-called experts are ready to believe the mayor's wish will not materialize.

There are a lot of people, who, judging from conversations heard in this area, would like to see Lake Michigan or the state of Indiana chosen as a site for the airport.

This is par for any locality. No matter where one goes he gets the same reaction in talk of the locating of a major airport -- it is a very fine thing to have a major airport handy but, build it in the other fellow's territory.

The Joliet and Kankakee chambers of commerce, both of whom would like an airport closer than O'Hare, point out the virtues of locating one in Green Garden Township.

And at a recent airport discussion in Joliet there was talk of picking a site near Beecher instead of Green Garden. Then there is the site sometimes spoken of east of U.S. 45, between I-80 and an east-west line that would hit about the middle of Frankfort.

As could be expected, representatives from communities near the proposed sites urged that others be considered. At one time, one of the news media came out with a statement that the Frankfort village board was in favor of the Green Garden site.

The Frankfort village board has never given approval to any airport site but some of the members have said they thought Lake Michigan would be a good place, or Northern Indiana, or anyplace where Frankfort would not get the brunt of the noise of jets taking off.

At the meeting in Joliet it was decided to have meetings in various communities, such as Frankfort, Peotone, Beecher, Mokena, New Lenox, and Green Garden Township, to get the reaction of their populations on the airport question.

In the past objection to location of an airport in an area was certain to provoke denunciation by those who looked upon such objectors as reactionary and distinctly unprogressive people.

Now, however, with the war against pollution gaining momentum, airports and air transport are no longer sacrosanct to progress.

The jets, the prop plane as well as autos and trucks and industry itself are coming in for their lumps as the public shows increasing concern over what is in the air we are breathing.

People point out now that airports are not only noisy things -- and scientists are saying that noise is another great hazard to modern living -- but they also foul up people's innards.

People who in the past have spoken up at community meetings and zoning hearings to protest that they came to suburbia to get away from industry and noise, have up to now been looked upon as perhaps a bit odd.

They may eventually prove to be the smart ones, according to recently expressed views.

LETTERS TO THE EDITOR

Editor:

I'm writing you this letter in regards to the accident that occurred on Hamilton Rd., Mokena, on Tuesday evening, Dec. 16.

We all have children coming home from school after the sun has set, and are in fear of the autos not seeing our children in the streets.

There are no sidewalks, and the road shoulders are very bad for walking.

Beautifying the town is a wonderful idea, but I believe street lights on busy roadways would be of a more meaningful purpose.

Children know the rules on the road, but let's face it. When we were children did we always bow to caution?

As adults we can make room for the children who are happy and carefree and don't take the time to be careful.

I say, before we have anymore accidents, let's get lights on these roads so we can see our children.

Sincerely yours,
Mrs. A. Wasaitis

How Many Favor Viet Pullout?

How many congressmen are in favor of an immediate pullout from Vietnam?

According to John N. Erlenborn, representative from the 14th Congressional District, the differences between the Nixon administration and its Congressional critics in on Vietnam are "not nearly as great as advertised."

"The October Moratorium and the November Mobilization urged immediate withdrawal of American troops from Vietnam. You may be surprised to learn that only one Senator had declared himself in favor of that -- Stephen Young of Ohio."

"Congressional Quarterly counted 14 Representatives who want to -- as the saying goes -- cut and run. This makes 15 out of 535 members of Congress."

"It goes without saying that many others want us to leave quickly, they would have us believe, than President Nixon's plan contemplates. There is one difficulty with their stance: They don't know what the Nixon timetable is. He has said he has a timetable; and he has said President Thieu knows what it is -- knows, in other words, how much time he has to rally South Vietnam to support the Saigon government."

"If the President's critics knew the timetable, they would merely demand that it be speeded up regardless of the consequences. Without that information, they can only make whatever noises suit their personal political purpose."

"The three leaders of the anti-war faction in the Senate -- McCarthy of Minnesota, McGovern of South Dakota and Goodell of New York -- were among the few Senators to endorse the November Mobilization. None, however, has ever voted against a single appropriation for prosecuting the war."

"I am somewhat nettled when people who assert their status as doves say (or imply) that the rest of us are not in favor of peace. My recent publication of Mrs. John Scull's letter led a few persons to ask "equal time for those of us who favor peace." Mrs. Scull objected to use of her son's name in the Mobilization's "March against Death."

"These people are saying that a moth-

er whose son has been killed in Vietnam is in favor of war! They are burdened with an over-supply of sanctimony."

"President Nixon has publicly abandoned victory as an American aim, has ordered withdrawal of 60,000 troops from Vietnam, has reduced the 1969 draft calls by 50,000, has compelled the South Vietnam government to agree to negotiate with the National Liberation Front (but has had no success in getting the NLF to talk), has limited American offensive operations (a factor in lowering the casualties), and has promised his plan "will bring an end to the war regardless of what happens on the negotiating front."

"I see no merit in the arguments of those who contend this is an anti-peace record. I cannot guarantee that President Nixon has us on the road to peace; but I can say with assurance that he believes we are on that road. He has promised the road will be shorter if we support his plan. The leaders of the Mobilization say they have the quick way to peace. Unfortunately, it involves a detour by way of disunity and demonstration."

"Senator Henry Bellman, in commenting on this difference of opinion, said: 'We Oklahomans aren't too smart, but we know enough not to run out on the field and tackle our own quarterback!'" Erlenborn concluded.

Get To Work!

This isn't just a different year, It's the start of a new decade. With lots of problems to work out, Many changes to be made. Now, none of us can do it all, But we can each do our part, To make the seventies meaningful, and now is the time to start. It's true that working takes our time, But time left can mean a lot, Especially if we set our goals. Let's give it all we've got. Then as each year comes to an end, We'll take pride in all we've done. This decade, with all our efforts, Can be a really special one.

Parking Scheme Foiled By Mayor Nordstrom

By Marge Ratcliffe
Telephone 838-8951

Lockport residents who have been parking all day in the downtown area for 50 cents . . . that is to say, one parking ticket, may be surprised to find two, three, four or more tickets on their cars very soon. Mayor George Nordstrom is wise to this game, and has advised the police to ticket cars once an hour . . .

While still on the subject

of parking meters, the fact that they have been rather difficult to get to during our current blizzards was men-

tioned at the most recent city council meeting. It was suggested that merchants keep their eyes open for heavy snows, then scoop all the sidewalk snow into the street, and voila! . . . by

morning it will have disappeared, courtesy of the street crews. Lest you misunderstand, and I get into trouble with the road people, not really in the street, but off the curb . . .

The Lockport Park District provides supervised, lighted natural ice rinks with warming houses at three locations: Chaney Athletic Field, Dellwood Park, and Richland Park. The rinks and warming houses are open from 4 to 9:30 p.m. Monday through Friday and 1 to 9:30 p.m. Saturday, Sunday and holidays, depending on ice and weather conditions . . .

A white "Rink Open To-

day" sign is posted when ice is usable; a bright orange "No Skating Today" when it's not. The park district requests, rather desperately, that you do not call the Park office to inquire about ice conditions. They do not have enough lines or personnel to handle the many, many inquiries. People of all ages and sizes enjoy skating, which seems to be one of Lockport's favorite winter sports. I have my own method, which is to slip and slide from tree to tree, screaming quite a lot . . .

The Lockport Township Library has purchased a brightly painted ferris wheel for the juvenile room at the library. New books are carried in its swings. When I

was a child, (in the early 1800's) I was terrified to enter our library. A very dour lady presided over it, and scared us to death. Our library is a bright, attractive place to visit . . .

A resident of the area just called the office to suggest that new people who have moved into the area be welcomed a bit more warmly. Surely no one can object to this idea, and if you know of new people in the Lockport area, let us know . . .

On this same subject, if your group or organization is planning something, please send us the information. We cannot possibly know all that is going on in the area, and the only way we will know is if you send an announcement to the paper.

Our reputation for fairness is backed by prices which are based upon actual costs . . . prices which any family can easily afford.

Birth Defect Drive Seeks Help

LEMONT -- Lemont women from Tuesday, Jan. 20 through Jan. 27 "will bundle up to ward off the cold and go door-to-door asking their friends and neighbors to join the fight against birth defects," reports Mrs. Louis Ziolkowski, chairman of the

Lemont Mothers' March. "We already have some volunteers," she continued. "However, we can still use more help so that we will be certain to contact every family in Lemont." Mrs. Ziolkowski said that persons wishing to partici-

pate can contact her at 257-7401, or one of the colonels of the drive, Mrs. Ernest Afelt, 257-2606, Mrs. Jerry Kazich, 257-5185, Mrs. Norbert Lesnieski, 257-5114 or Mrs. Otto Zielke, 257-6158. The funds raised during the campaign finance 111 March

of Dimes Birth Defects Centers serving children already stricken with birth defects. The funds also are used for an intensive research program aimed at developing preventatives such as the Rh Blood Disease Vaccine and the German Measles vaccine.

Mrs. James D. Bolerjack

Miss DePra Is December Bride

LOCKPORT -- Miss Sharon DePra, daughter of Mr. and Mrs. Angelo DePra of Lockport, became the bride of James D. Bolerjack, son of Mr. and Mrs. Don Fisher of Joliet, at the First Congregation Church, December 19, at 7 p.m. The Rev. George Moulthrop performed the ceremony. The bride's sister, Mrs. Darlene James, served as matron of honor. Bridesmaids were Miss Marianne Legan and Miss Anne Lockhart, and Angie Klover was the flowergirl. The bride's brother, Mel-

vin DePra was the best man. The groomsmen were Gene Anderson and Tom Lauffer and Lee James and Greg Bolerjack served as ushers. The ringbearer was Randy James.

The altar candles were lighted by Kathleen Kopelman and Ted Lauffer. The soloist, Mrs. William Rutter, was accompanied by Kay McAbee.

Following the ceremony, a buffet was held in the church parlors.

After a honeymoon trip to New Orleans, Louisiana, the couple will be at home at 113 E. Warren Drive, Mokena.

You Can Make Lingerie

SOUTHWEST -- It's the rage. It's sweeping the nation. Women everywhere are learning how to sew their own lingerie.

The innovation came from the north -- from Minnesota -- and has been spreading from community to community as surely as the cold days of winter have come.

But the lingerie sewing course, which is described as "of interest to the discriminating and fastidious woman," will bring warmth to the hearts of gals who can sew.

The Adult Evening Division of the Joliet Township High Schools is offering the course. It's titled "Beginning Lingerie Sewing" and it meets for 10 weeks on Monday nights from 7 to 9:30 p.m. in room 123 at Joliet West Campus. The first class is Feb. 2.

The course is easy, fun and creative, according to Mrs. Phillip Polley, the Lockport resident who will instruct. Your imagination can be your limitation, she says.

Women taking this course will learn to

make chemises, bikini briefs, slips, nightgowns, peignoirs, half-slips, slippers, and a variety of feminine items found only in the gift departments of the best stores. During the course of instructions, students will copy thirty-five patterns for various items of apparel.

The only requirements for this course, which has been popular in the Chicago area, is that you know "how to sew." The class is limited to fifteen enrollments.

Mrs. Polley attended the University of Minnesota and had special training through Mrs. Gary Zachman, who originally learned the lingerie sewing classes at the University of Minnesota. Mrs. Zachman teaches and operates a lingerie shop in Mount Prospect.

Registrations are being accepted in the Adult Education Office (Room 255) of Central High School between 8 a.m. and 4 p.m., and between 6:45 p.m. and 9 p.m., Monday through Thursday of this week. For additional information, please call 723-9712.

Nursery Openings Available

ROMEOVILLE -- Miss Lynda Howell, director of the Community Nursery School at the Hampton Park Presbyterian Church, has announced that there are immediate openings in the nursery school for two, three, and four year old children.

The school is licensed by the State of Illinois and operates on a strict not-for-profit basis. Monthly tuition is \$13 for two and three year olds for two half-day sessions per week, and \$18 for four year olds for three half-day sessions per week.

Park Winter Program Details Told

LOCKPORT -- The Lockport Park District has announced its winter programs, which begin in January.

Adult art instruction will be given at the Lockport Youth Center on Monday, Jan. 12 from noon to 2 p.m., with Blanche Talmedge as the instructor. John Blaze-

kovich will direct the evening classes, to be held on Tuesdays, from 7 to 9 p.m., beginning Jan. 13. Both are eight-week courses and the registration fee is \$16. Participants must provide their own supplies and equipment.

Adult knitting will be taught in two ten week ses-

sions. Beginners will meet at Volz Field House, at Dellwood Park, on Mondays from 9 to 11 a.m., beginning Jan. 12. Advanced instruction will be offered at the Field House on Wednesdays from 9 to 11 a.m., beginning Jan. 14. Students must provide their own supplies. Mrs.

Chris Reid is the program instructor; resident instructional fee is \$5.

Adult ceramics, which began Tuesday, Jan. 6, still has a few openings. The classes are held on Tuesdays from 1 to 3:30 p.m. at Richland Center, with Mrs. Madge Kubin as instructor. The course fee is \$5.

Men's Swim 'N Trim, the second ten week session, is held at Lockport Central High School on Thursday evenings, from 7 to 10 p.m., and will begin Jan. 22. Interested persons are asked to register at the Park office. The resident fee is \$3.50; non-resident, \$7.50.

Chaney and A. F. Hill Gymnasiums will be open to Lockport Township Park District high school students for basketball open-play. The Chaney gym will be open from 7 to 9 p.m. on Wednesdays.

Only residents of Lockport Township Park District are eligible for these programs. All fees must be paid in advance at the Park office or by mail. For additional information, please call the Park Office at 838-1183.

Going To 2 AAU Meets

NEW LENOX -- Dave Merrick, of Mokena, a route runner at Lincoln-Way High School is to compete in two Amateur Athletic Union national track and field events, a signal honor for a 16-year-old who is in his junior year in prep school.

He is entered in the two-mile run at Albuquerque, New Mexico, and at Baltimore. Joe Rodriguez, track coach at Lincoln-Way, will accompany Merrick. He has obtained permission from the Illinois High School Association for the youth to compete in these events.

Rodriguez is high on Merrick's chances. He points out that recently he ran the two miles, indoors, in 9:00.4. According to Track and Field News, authority on records, this 9:00.4 is a national junior class indoor record and also a record for 16-year-olds. According to Track and Field this time of Dave's is the third fastest ever indoors

and the fifth fastest ever for junior runners.

When Merrick finished fifth in the two mile at Champaign last year he covered the distance in 9:17, and that was out of doors. Indoor times are slower so one can readily see that Dave is coming along.

Last fall he led all runners in the annual high school state cross country meet at Champaign to cap a season in that sport which saw Merrick win every meet in which he entered, and he was in them all. His time of 13:19.4 over the two and three quarters miles course at Champaign set a new record for the event in Illinois prep circles.

Mat Men Win Last 3 Tests

LEMONT -- The Lemont High varsity wrestling team is now over the .500 mark. The unit has put together a 3 match winning string and is gaining strength as the season progresses.

Recent wins over Mooseheart and Plano has now upped the overall season ante to 5-4. Mooseheart fell 36-16, while Plano's Reapers were being threshed 32-14.

Coach Al Albrecht's fast improving squad squares off against Yorkville High on Thursday evening, Jan. 15. Chicago's Quigley High then appears on the scene on the evening of Tuesday, Jan. 20. Both of these are home matches.

Registering 5 point pins in the win over Mooseheart were Jim Mattas (185 lbs.), Mark Sniagowski (175 lbs.), Scott Barnett (145 lbs.), Ken Hutchinson (137 lbs.), Terry Dauenhauer (130 lbs.). Capturing 3-0 decisions were Mike Yeoman (123 lbs.) and Dan Festin (115 lbs.).

Terry Dauenhauer, Mark Sniagowski and Jim Mattas also scored pin triumphs over their Plano opponents, as did heavyweight Harry Zarn.

A quartet of 3-0 victors were Dan Festin, Ken Hutchinson, Scott Barnett and Dwayne Slayton (165 lbs.). Also getting in on a piece of the action were Rich Hancasky (98 lbs.), Ray Baxter (98 lbs.), Tony Galati (107 lbs.), Jim Etzkorn (155 lbs.).

Top winner thus far in the campaign has been Ken Hutchinson with a fine mark of 7-1-1. Terry Dauenhauer and Jim Mattas have 6-3 records, while Scott Barnett, Mark Sniagowski and Dan Festin have posted 5 wins.

Annual Dinner Set For Feb. 4

By VIRGINIA SASS

SOUTHWEST -- Agriculture in African countries will be high-lighted in the program to be presented by Mr. and Mrs. Earl Keniston at the annual meeting of the Will-South Cook Soil and Water Conservation District on Feb. 4.

The meeting, sponsored by the New Lenox and Frankfort State Banks, will be held at the Lincoln-Way Community High School on Route 30, two miles east of New Lenox. A roast beef dinner will be served family style at 6:30 o'clock preceding the program and business session.

The Kenistons, rural residents of Wilton Center, are active in many organizations in Will County. Keniston serves as treasurer of the district. They will show slides taken from their "People to People" tour of Africa which they took during August of 1969. Of special interest will be scenes of native wild animals in Tanzania, gold compounds in South Africa and experimental farms in Ethiopia.

During the business session, three members will be elected to the district board. Directors whose terms expire and who are eligible for reelection are William Stelter of Tinley Park, Edward Berens of New Lenox and Connor B. Shaw of Monee.

Tickets for the meetings are available now from the District office at 100 Manhattan Rd. in Joliet or from

the following local people: Henry Andresen of Orland Park; Lawrence Kohl, Kenneth Lauffer and Loren Sass, Mokena; George Archibald and Edward Berens, New Lenox; Joe Kestel, Roderick Rainford and Everett Heatherwick of Frankfort; and Robert Burch, Charles Trantina and George Brisbin of Lockport.

Airport Opponents To Meet

SOUTHWEST -- Jerome J. Paddock, Homer Township supervisor, will meet with the Airport Investigation Committee, The Spring Creek and Creek Woods Community Club, and the Chickasaw Community Club at the Homer Town Hall, Friday, Jan. 16, at 7:30 p.m.

Representatives of these organizations will present Paddock with a resolution disapproving of the Homer site for the much discussed new airport. A petition, purportedly bearing 3,500 signatures of persons opposing the site, will also be turned over to Paddock.

Home Accident Deaths

NEW YORK -- Accidents in homes cost more than 28,500 persons their lives in 1968, reports the Insurance Information Institute.

Homer District Vote Saturday

HOMER -- The Homer Community Consolidated School District 33-C referendum is set for Saturday, Jan. 17. The Homer Board of Education is asking the community to authorize, through referendum, the construction of six classrooms, restrooms facilities and storage space. The amount of the proposed bond issue is \$182,000.

The proposed additions are needed to enable the school to house kindergarten classes, which by law, must be provided in all schools in the state after July 1, 1970. Luther Schilling, district 33-C superintendent, said he hoped that construction could

be completed before the winter of 1970-71, as the kindergarten classes will have to be held in the library until the proposed addition is completed.

The entire district will serve as a single voting precinct and the polling places will be at the school building on the east side of Cedar Road, one-eighth mile south of Rt. 7. Polls will be open from noon to 7 p.m.

Farm DDT Nearly Out

SOUTHWEST -- The recent state prohibition of DDT use in Illinois will not affect agricultural production, says A.A. Wicklein, Will County senior Extension adviser.

DDT use phase-out started in 1950 and was nearly complete by 1960. 1964 marked the last year DDT was used to any extent, even on minor insect problems. And the 1970 pesticide-use suggestions do not include any DDT recommendations for agricultural purposes.

Obituaries

Sister M. Clarinda

was a member of the Franciscan Sisters of the Sacred Heart for more than 45 years. She died last Friday, Jan. 9 at St. Joseph Hospital, Joliet, following a long illness. She was 71. She was born at Danville and for many years taught school at Lockport, Peru, Ill., and other communities where the Franciscan Sisters served as teachers. After retiring from the teaching field Sister Clarinda resided at St. Francis of the Woods convent, east of Mokena, where the mother house of the order is located. Funeral arrangements were made through the Baskerville Chapel at New Lenox. The services were conducted in the convent's chapel with a requiem mass at 10 a.m. Tuesday. Burial was in Resurrection Cemetery, Romeoville. Sister Clarinda is survived by two sisters and three brothers, Mrs. Ann Shorthouse and Mrs. Min Waltemath, George and Hubert Foehrer, of Danville, and John, of Duquoin, Ill. Another brother, Henry, preceded her in death.

Martha Snow (nee Frasz)

died unexpectedly Jan. 7 at the age of 87 at the home of her daughter and son-in-law, Irene and Anton J. Seiler, Derby Rd. near Archer Ave., Lemont. Services were from the Gerharz Funeral Home on Jan. 12 to St. Alphonsus Church where a concelebrated mass was offered by the Rev. Julian Grinis, celebrant, and the Rev. Edward Fitzgerald and the Rev. Edward Abromaitis, co-celebrants. Mrs. Snow's husband was Henry Snow, who died in 1948. Her daughter Irene (Anton J.) Seiler, is a retired teacher of the Lemont Elementary School, and her son, Gilbert C. (Loretta) Snow of Riverdale is assistant to the superintendent of Reavis High School, Stickney Township, Ill. Mrs. Snow is the grandmother of Patricia (Louis) Bielecki of Arlington Heights, and Deborah Snow of Riverdale. Her surviving sister is Rose Skorupa of Chicago; deceased are two sisters, Pauline Rock and Lucy Cherry; three brothers, Ignatius, Frank and John Frasz, and her parents, Andrew and Anastasia Frasz.

Edla Sabina Johnson

died in Silver Cross Hospital on Jan. 4 at the age of 80. She had been residing at 710 Ledo Street, Lemont, with a married niece and her family, Gladys and Eugene Nickleski. She had formerly lived at 4th Street, Hazel Dell, Lemont. Miss Johnson's

parents were the late Nels and Petronella Pearson Johnson. Surviving brothers are Edwin of Lemont, Godfrey of Western Springs, and deceased brothers are Hjalmar, John and Gustave. She had lived in the area all her life and had been employed at the Curran Chemical Co. Services were Jan. 7 from the Gerharz Funeral Home to the Bethany Lutheran Church, where Miss Johnson was a member. The Rev. Glenn Bergmark officiated. Interment was at the church cemetery.

Grace D. Frosch (nee Jirgl)

was a former Lemont resident who had lived in Gordon, Wisconsin for the past seven years. She died at the age of 59 on Jan. 3 at Shell Lake, Wis. Mrs. Frosch is survived by her husband Frank, a daughter, Mrs. Joseph (Dorothy) Yirsa of Lockport, and two grandchildren, Dale and Cindy, and a brother, Elmer of Lemont. Her parents were the late Frank and Clara Jirgl. Mrs. Frosch was a Lemont resident for 39 years before moving to Wisconsin. She was a member of Rebecca Lodge in Minong, Wis. Services were Jan. 8 at the Gerharz Funeral Home with the Rev. Thomas Ludwig officiating. Interment was at Clarendon Hills Cemetery.

Ellen Maria Wall

died after a brief illness on Jan. 2 at the age of 90. She resided at 724 Warner Ave., Lemont and had been born in Sweden. The family moved to Lemont while she was still a baby. Mrs. Wall's husband, Eric, died in 1964. Surviving are her children, Harry of Lemont, Carl of Hutchinson, Minn., Jerry of Chicago, Hilder of Lemont, Evelyn Holgren of Walnut Creek, Calif., three grandchildren, seven great grandchildren and one great, great grandchild. Services were Jan. 6 from the Gerharz Funeral Home to Bethany Lutheran Church where the Rev. Glenn Bergmark officiated. Burial was in the church cemetery.

Elizabeth Rinke

of 11019 Front St., Mokena, died at the age of 18 on Saturday, Jan. 10, at the Lincoln Nursing Home, Joliet. A native of Mokena, Miss Rinke had resided there all her life. She was a member of St. Mary Catholic Church. A brother, George, and several nieces and nephews survive. Private funeral services were conducted Tuesday at the Baskerville chapel, Lincoln Highway and Roberts Rd., New Lenox, with interment in St. Mary Cemetery.

Sports Show Ready

LOCKPORT -- The second annual Lockport Sportsman's Show will be held Friday, Saturday and Sunday, Jan. 16, 17 and 18, at Lockport East High School.

John Kamarauskas, chairman, has announced that this year's show will include a stage show which will center around the following highlights: Bill Stukel will act as Master of Ceremonies, and present dog training routines with Herb Kellogg, a goose and duck calling exhibition by Ken Martin, archery trick shooting by Bob Meyers, a flycasting demonstration by Leo Pachner, and many other special guests and features. These appearances were arranged by Art Schumann.

The show, the largest ever to take place in Will County, is sponsored by the Kelvin-Milne Grove Band Parents Association of Lockport. It is a benefit to raise funds for the activities of the grade school band program in District 91.

There will be something for everybody at this year's show. Various booths will feature a resort and travel section; boat, motor and marine division; a complete display of fishing tackle; and other displays which will cover almost every phase of outdoor life.

Assisting Kamarauskas with this ambitious project are Allen McCowan, president of the Band Parents and chairman of the large exhibit phase of the show; ticket outlets have been established throughout the county by Mike Kurtyak; publicity chairman for this event is Dan Mahoney.

The hours of the show are from 5 to 10 p.m. Friday; noon to 10 p.m. Saturday; and noon to 7:30 p.m. Sunday. The stage show, which will be held in the gymnasium and will not interfere with the rest of the show, will be presented at 8 p.m. Friday and Saturday and at 4 p.m. on Sunday.

Those who were unable to acquire tickets last year due to attendance limitation and fire regulations will be pleased to note the three-day run of the show. Adult tickets are \$1.50 and students will be admitted for \$1.

There will be many door prizes and a grand prize, to be awarded on Sunday, which is a free vacation to Joe Johnson's Sand Beach Resort in Walker, Minn. Persons need not be present to win.

NEW YORK -- Eight fires with insured losses over \$3 million each occurred in the United States in 1968, reports the Insurance Information Institute.

Dan Mahoney and Al McCowan

A Record Vacation, Boat, Sport Show

SOUTHWEST -- A large marine section will have a prominent place in Chicago's Famous Sportsmen's, Vacation and Boat Show coming Feb. 6 through 15 in the International Amphitheatre. Show Producer Tom Durant has announced that the number of craft on display and exhibits of boat parts will set a record for the exposition, largest of its kind in the world.

A number of boating experts will be on hand to offer instruction and information, as also will be the case in the show's fishing, hunting, resort, camping and recreational vehicle sections.

The travel section, according to Durant, also will be the largest in the show's history. With representation of conservation departments and hundreds of resorts from more than 35 states, one's holiday can be fully planned and arranged. In addition, the tent and recreational vehicle area will provide full data on campsites throughout the United States, Canada and Mexico.

Drop Game

LOCKPORT -- Lockport West saw a 20-13 first period lead fade into defeat as Joliet West held the Spartans during three quarters and win 63-55.

Coach Bill Parmentier's team showed to good advantage in the opening stanza as Ralph Papesch rang up 13 points and a nightly total of 24 points. Then Dan Bertino, Joliet's six-foot defense specialist, took on the chore of stopping 6-2 Papesch. Bertino rose to the occasion and held Papesch to six baskets from the floor during the remainder of the game.

The Spartans lost in the rebounding column, snaring only 25 as the Tigers hauled down 37 off the boards. The rest of the story was lack of shooting accuracy from the floor with only 24 of 63 Spartan shots going through the hoop.

Unit In Test

LEMONT -- The Lemont High School debate team, refreshed by a holiday rest, attended their first tournament of the new year last weekend at Lincoln-Way High School.

The novices broke even

with a 4-4 record. Anita Kasmar and Debbie Duras defeated Proviso West and Reavis. Ron Fick and Mike Ciasto did especially well, defeating Rich Central and Lincolnway and tying with Oak Lawn.

Ron Fick won the first place speaker's trophy with

88 points. Mike Ciasto came in a close second with 83 points.

On the varsity level, Margo Anderson and Anne Galati were victorious over Lincolnway. Judy Ciasto and Joan Bossert defeated Lockport Central and Homewood-Flossmoor.

Ever see a \$200 bill?

Just one would buy you a whole year of electric heat.

And you'd probably have money left over. Surprised? You shouldn't be . . . because electric heat just doesn't cost a small fortune anymore.

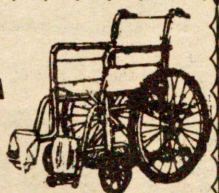

Here's why: Commonwealth Edison has cut the cost of electric heat dramatically in the last ten years. That's why today, you should expect to pay less than \$200 a year for electric heat in an average six-room home with proper insulation.

So if you still believe the myth that you have to make a lot of money to afford electric heat, forget it.

It's as phony as a \$200 bill!

The Women's Circle of the Women's Fellowship will meet on Tuesday, Jan. 20, at

7:30 p.m. It is open to all women who prefer to meet on evenings only.

The Frankfort-Mokena Unit of the Homemakers Extension Association will have their next meeting Jan. 20 in the home of Mrs. Robert Nixon, 19536 Division St. with Mrs. Norman Strassenburg as her co-hostess. They will present the monthly topic, "Low Cost Meatless Meals." Mrs. Fred Piepenbrink will give the minor lesson.

The Mokena Lions Club will have their Ladies Night on Feb. 14 at Cavallini's Restaurant. So make sure all of you Lions get your reservations in early.

Mr. and Mrs. Harry Yunker of Mokena were guests of honor on Dec. 4, at a "Pow-Wow" banquet given by Archer Petroleum Corp. of Omaha, Neb. It was held at the Newark grade school in Newark, Ill.

PICNICS - BANQUETS - WEDDINGS - PARTIES

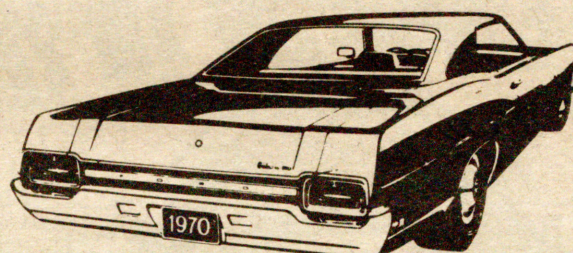

THE RIVIERA LAKE CLUB at 143rd St. and 88th Ct., Orland Park, Ill., now features a large banquet hall that will accommodate up to 1000 people for weddings, graduations and luaus, as well as small rooms for conferences, showers, luncheons, etc. Complete kitchen facilities and catering service is available.

For more informal affairs for industry and business, there are both indoor and outdoor picnic facilities available. The beautiful indoor swimming pool will be available both winter and summer. A ten acre lake, well stocked with a variety of fish, is also at your disposal.

We know the Riviera Lake Club facilities will be a unique experience and urge that you consider this concept when planning future business and social affairs, also picnics.

Riviera Lake Club is now open for business. For further information call Mrs. DeWit at 349-2100.

Donald Hoffman and family...

After about a two week motor tour during the holidays, Mr. and Mrs. Marion Pomykala and family returned home. They went on Route 55 down to El Paso, Mexico, crossed the border into Juarez, then went to Albuquerque, New Mexico where they called on Joe Logan of Frankfort, who has recently purchased a home down there. They then motored over to Denver, Colo. where they visited with friends, sight seeing along the way, returning home on 180...

The PTA of the local grade schools are having their Hamburger Luncheon at the two schools on Wednesday, Jan. 21 at the noon hour.

We're printing a new phone book January 26

Anything you'd like
to change in it?

Maybe you'd like to change the way your name is listed.

If your name isn't listed, maybe this year you'd like it to be, so you don't miss important calls.

Or you might want to list the name of someone in your family, so his friends can keep in touch.

Now's the time to make your change, what-

ever it is. The new phone book for Mokena, Lemont, Frankfort, Manhattan, New Lenox, Joliet, Lockport, Plainfield and nearby communities goes to press January 26. If we don't hear from you by then, we'll have to say we're sorry.

So please call your Illinois Bell Service Representative before January 26. Just dial operator and ask for the business office. We wouldn't want to disappoint an old friend like you.

5-Memoriams

In Loving Memory of Kenneth
Keith Kester who passed away
2 years ago January 5, 1968.
God saw that you were suffer-
ing, and that the hills were
hard to climb,
So, He closed your weary eyes
and whispered, "Peace be
thine."

Imprinted deep upon our minds
And stamped upon our hearts,
A vision of your face we find
That never will depart.
We cannot banish you from
sight;

In our minds and hearts it
seems
Your face comes stealing thru
the night
Invading all our dreams.
In all our thoughts you find a
place,

No matter what we do
Or say it seems we can't erase
The memory of you.
The wound is as deep
And hurts as much today
As it did two years ago
When you passed away.

Mom, Dad
Carol, Ray

5-Memoriams

IN loving memory of Keith
Sliwa who passed away Jan-
uary 5th, 1970.

A little boy has gone to rest,
Leaving precious memories,
Keith is with angels blest,
No more sad days he'll see,
His Mom & Dad, Carol & Ray,
Feel as though their hearts will
break,
But they have three daughters,
and must keep up for their
sakes.

The many things Keith said &
did,
They'll treasure forever more,
And someday they'll be togeth-
er,
When their lives on earth are
o'er.
